To

The Chief Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

CHIEF SECRETARY
14 MAY 1930

Sir,

With reference to your letter No. 12987/Med, dated the 3rd May 1930, I have the honour to submit herewith for the information of Government, copy of a note forwarded by the President, District Board, Mysore District, on the working of the Rural Dispensaries in the Mysore District. Of the 7 rural dispensaries opened in the Mysore District, as many as 6 had to be closed for want of competent medical officers. The scheme has proved unworkable for two reasons. Firstly, only retired Sub Assistant Surgeons can be procured with difficulty for service as rural medical practitioners. These superanuated officers with their pension secure, take up the posts as "Job work" and resign at their will. They have nothing to look forward to and are not amenable to discipline to the same extent as younger men. Secondly, the few passed L.M.P's who may take up posts as Rural Practitioners on such a low pay as Rs.25/-, resign their posts as soon as they get their chance of being entertained in the Medical Department on a higher pay viz., Rs.40/-

It must also be admitted that rural public enlightenment is not advanced enough to appreciate the sense of self-help, in the matter of medical relief. In these circumstances, the Doctor can make no headway in his effort to build up a practice of his own such as is necessary to provide him an incentive to prefer unpaid rural practice to the salaried and well establish-

ed

established service under Government. At the same time, it is desirable that the scheme initiated by the District Board for multiplying the facilities for rural medical aid at the minimum expense to the Board should not be allowed to languish. Having the minute of the Dewan in view (vide your letter No.G.9433/Med. dated 2nd February 1929), I talked over this matter with the President of the District Board and as will be seen from the last para of his Note, he is moving the Board for the establishment, in place of the existing rural dispensaries, of what I may term "District Board Dispensaries." The entire cost of the maintenance of these dispensaries will continue to be borne by the District Board. A Passed Sub Assistant Surgeon on a pay of Rs.40-10/1-50 will be lent to the Board by the Medical Department and as soon as he is absorbed in the Medical Department as a Sub Assistant Surgeon on 50-5-100, he will be withdrawn and replaced by another passed Sub Assistant Surgeon, so that the cost of the dispensary does not go high. A separate Compounder may be dispensed with. There will be a Midwife attached, who will be trained in and be available for compounding without prejudice to her own duties. Such an arrangement reduces the cost to the lowest limit consistent with efficiency. The Dispensary will be entirely a District Board Institution except that the professional control will vest in the District Medical Officer.

3. The resolution of the District Board will be submitted to Government as soon as it is received in this office.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao

Senior Surgeon.

(15

N o t e.

Re. Working of Rural Dispensaries in the Mysore District.

1. With a view to afford Medical aid in the interior parts of the District, a scheme was sanctioned in the Government Order dated 9-2-1927 to start what are known as Rural Dispensaries.

2. During 1927-28 these Dispensaries were opened at:-

(1) Halagur, Malavally Taluk.

(2) Bindiganavale, Nagamangala Taluk.

(3) Santhebachahalli, Krishnarajapet Taluk.

(4) Basaral, Mandya Taluk.

(5) Kodiyala, Seringapatam Taluk.

In the year 1928-29, two more dispensaries were sanctioned.

(6) Koppa, Mandya Taluk.

(7) Kikkeri, Krishnarapet Taluk.

3. Retired Sub Assistant Surgeons were appointed to all of them except Koppa for which no competent person was secured. The Dispensaries at Basaral and Santhebachahally were alone working at present while all others have stopped working.

4. In the existing arrangement the persons in charge of these Rural Dispensaries are given a monthly allowance of Rs.25/- and also an initial supply of medicines valued not more than Rs.300. The only guaranteed source of income to them is the allowance of Rs.25/- from the District Board. The system is based on the idea that the incumbent should develop his private practice in the area where he is working.

5. The scheme cannot be considered to be a success. It has been found difficult to get suitable men for these places. The difficulty is understandable having regard to the fact that the scope for private practice in these Rural areas is extremely limited. The villagers expect free service at the Dispensaries as in the case of regular Local Fund Dispensaries. If fees are demanded the villagers organise an agitation and start giving all kinds of troubles to the Doctor. The retired Sub Assistant Surgeon, except in exceptional cases, are found to be unsatisfactory, as they are generally without much energy left in them. If young men just after the Medical School are appointed they do not stick to these Dispensaries as their ambition is to enter the State Medical Department and they leave these Dispensaries at the earliest

earliest opportunity. There is at present only one Dispensary at Basaral which is working fairly satisfactory.

6. I am of opinion that the scheme of Rural Dispensaries has not the element of success in it. In place of these Dispensaries, I would suggest the establishment of a cheap dispensary of regular pattern. Regular Sub Assistant Surgeons may be placed in charge at the minimum pay of the grade of the Sub Assistant Surgeons. The required stock of medicines may be supplied. A midwife may be attached to the Dispensary. No compounder is necessary. Accommodation may be provided for the Doctor as well as the Dispensary free. No costly building need be put up. This matter will be placed before the District Board and their views obtained.

-------5.

SdKV.Anantharaman.
President, District
Board, Mysore.

SIR,

317

In continuation of my letter No. G. C. 411-15, dated the 30th July 1930, regarding the establishment of District Board Dispensaries in the Mysore District, I have the honour to forward copies of letter No. C. 679 L.B. dated the 27th February 1931, and its enclosure received from the President District Board, Mysore, requesting me to obtain early sanction of Government for establishing four District Board Dispensaries at Kabbahalli, Halagur, Besagarahalli and Santhebachahalli during the current year.

2. As this scheme does not involve any cost, either initial or recurring, to Government, and as all these dispensaries will be entirely maintained by the District Board, on the scale of expenditure noted below, I have the the honour to request that sanction of Government may kindly be obtained for the opening of these dispensaries at an early date.

3. These dispensaries will, of course be under the administrative control of this Department.

3. Question re: starting of new dispensaries in the District during 1930-31:-

Resolution of the Health ~~Dept~~ Committee:

The Committee recommends to the District Board that District Board dispensaries be started in the following four places in the District during 1930-31:-1(Koppa, Mandya Taluk, (2) Kikkeri; Krishnarajapet Taluk, (3) Kabbahally, Gundlupet Taluk and ~~(4)~~ Halagur, Malavally Taluk.

Resolution:-

Resolved that out of four places recommeded by the Public Health Committee, District-Board Dispensaries be started at Kabbahally, Gundlupet Taluk and at Halagur, Malvally Taluk and at Basavanahally Mandya Taluk and at Santhbachahally in Krishnarajpet Taluk ~~started~~ instead of at Koppa and Kikkeri as recommended by the Public Health Committee. It was further resolved that as already agreed by the Public Health Committee and the District Board that the following conditions be fulfilled before the dispensaries are started in the above places:-

a. That Ruppes one thousand be deposited by the village people, for initial and recurring expenditure in 1930-31, either by private contribution or by contributions from village panchayets individual or by surrounding village panchayets collectively.

b. That a suitable building be constructed for locating the dispensary entirely out of village contributions within a reasonable time.

c. That pending such construction of a suitable building as conditioned above, a suitable building provisionally be made available free of rent for starting the dispensary immediately.

d. That suitable buildings be made available at reasonable rent for the hospital staff.

Establishment of four New District Board Dispensaries in the District.

With reference to your letter No.C. 3-1 dated 8th January 1931 recomme
ding the establishment of District Board Dispensaries in four places Viz.,
Koppa, (2) Kikkeri, (3) Kythanahally, and (4) Kabbahally, I have the honour
to state that the above subject was considered at the Public Health Committe
meeting held on 9th January 1931 and the marginally noted resolution was
passed. Again the resolution of the Public Health Committee was considered

Question Re: statting of new Dispensaries in the District during 1930-31:-

Resolution: The Committee recommends to to the District Board, that the District Board Dispensaries be started in the following 4 places in the District during 1930-31.
1. Koppa, Mandya Taluk.
2. Kikkeri, Krishnarajpet Taluk.
3. Kabbahally, Gundlupet Taluk.
4. Halagur, Malavally Taluk.

by the District Board at their meeting held on 10th/1 January 1931 when it was finally resolved that District Board Dispensaries be started (1) Kabbahally, ~~xx~~ Gundlupet Taluk, (2) Halagur, Malavally Taluk, (3) Besagarahally, Mandya Taluk and (4) Santhebachahally, Krishnaraj-pet Taluk on the marginally noted conditions.

2. The Village Panchayets of the above villages were consulted re: fulfillment of the stipulated conditions. All the four villages Panchayets have sent resolutions of the Panchayets agreeing to the above conditions and they have deposited Rs. 1000/- each to the District Board for recurring

a. That Rupees one thousand be deposited by the villagers people, for initial and recurring expenditure in 1930-31 either by private contribution or by contribution from village panchayets individually or by surrounding villages panchayets collectively.

b. That a suitable building be constructed for locating the dispensary entirely out of village contributions within a reasonable time.

c. That pending such construction of a suitable building as conditioned above, a suitable building provisionally be made available free of rent for statting the dispensary immediately.

d. That suitable buildings be made available at reasonable rent for the Hospital staff.

expenditure except Besagarahalli, which has promised to contribute the balance of Rs. 500/- very shortly.

3. In enclosing herewith a copy of the resolutions of the Board, I request that sanction of Government may kindly be obtained for establishing four District Board Dispensaries at Kabbahally, Halagur, Besagarahally, and anthebachahally during the current year, the cost being met out of Rs.11,000/- under D. ii. Miscellaneous provided for in the current year's District Board Budget. I request the favour of very early sanction to avoid lapse of amount.

B

Government Order No. G. 11573-7/Medl. 49-25-86 dated the 2nd May 1927 passing orders about giving facilities to private Medical Practitioners to settle down in rural areas.

(2)

2. Correspondence ending with letter No. G.C. 411-19 dated the 9th March 1931 from the Senior Surgeon in Mysore forwarding a report on the working of the rural Dispensaries in the Mysore District and proposing the establishment of four District Board Dispensaries in the Mysore District.

Order thereon No. G/1624-33.

Dated, Bangalore, 21st April 1931.

B

With a view to bring Medical relief within easy reach of the rural population, Government sanctioned in their order dated the 2nd May 1927 read above a scheme for subsidizing qualified medical men who were willing to settle down in villages. In order to enable these practitioners to start practice, the scheme provided for an allowance of Rs. 35/- per mensem during the first year and Rs. 50/- thereafter. They were also to be supplied with medicines of the value of Rs. 300/- from the Medical Stores. They were, however, required to make their own arrangements from their earnings about ~~the stock of medicines during the first year.~~ replenishing their stock.

21.4.31

(49

~~year.~~

From the report received from the Senio Surgeon on the working of the scheme in the Mysore District, it is seen that out of 7 Dispensaries opened in that District as many as 6 had to be closed down. The Senior Surgeon is of opinion that the failure of the scheme is due to two causes. One is that only retired Sub Assistant Surgeons have availed themselves of the benefits of the scheme and they are not amenable to discipline to the same extent as younger men. In the second place, the remuneration payable under the scheme is not sufficiently attractive to passed L.M.Ps and the few that take up the post of rural practitioners resign them the moment they get a chance of employment in the regular Medical Department. It is also pointed out that in the existing ~~of~~ conditions in the mofussil it is not easy for a Medical Practitioner to make much headway in building up a private practice.

3. In these circumstances, and in view of the undesirability of allowing the scheme initiated by the District Board, Mysore, for multiplying the facilities for rural Medical aid to languish, the Senior Surgeon has, in consultation with the President of the Mysore District Board, proposed the establishment of a new type of Dispensaries called the District Board Dispensaries. Each Dispensary will be in charge of a passed Sub Assistant Surgeon on a pay of Rs. 40-10/1-50 lent by the Medical

Medical Department to the District Board. As soon as the Sub Assistant Surgeon is absorbed i the Medical Department, he will be withdrawn an replaced by another passed Sub Assistant Surgeon. The Dispensary will have a minimum establishment viz., a midwife on Rs. 20/- per mensem and a peon on Rs. 10/- per mensem, a separate compounder being dispensed with. It will be entirely a District Board Institution and maintained at its sole cost. The administrative control over it will however vest in the State Medical Department. The Senior Surgeon has also forwarded a resolution of the District Board for opening 4 such District Board Dispensaries at the marginally noted places on the following scale of expenditure:-

Kabbahalli, Gundlupet Taluk,
Halagur, Malavalli Taluk,
Basavarahalli, Mandya Taluk,
Santebachahalli, Krishnarajapet Taluk.

Initial charges -

Europe medicines	Rs. 500/-
Furniture	Rs. 120/-
Country medicines	Rs. 100/-
	Rs. 720/-

Recurring charges -

Pay of the Sub Assistant Surgeon	Rs. 40/- or 50/-
Pay of the Midwife	Rs. 20/-
Pay of the servant	Rs. 10/-
contingencies	Rs. 5/-
per mensem	Rs. 75/- or 85/-

The resolution of the District Board is also subject to the following conditions:-

(a) That rupees one thousand be deposited by the village people, for initial and recur-

recurring expenditure in 1930-31 either by private contribution or by contribution from village panchayets individually or by surrounding villages panchayets collectively.

(b) That a suitable building be constructed for locating the Dispensary entirely out of village contributions within a reasonable time.

(c) That pending such construction of a suitable building as conditioned above, a suitable building provisionally be made available free of rent for starting the Dispensary immediately.

(d) That suitable buildings be made available at reasonable rent for the Hospital staff.

It is reported that the Village Panchayets of the villages concerned have agreed to the above conditions and that most of them have also deposited the contributions due from them.

In these circumstances, Government approve of the scheme and are pleased to sanction the opening of the four District Board Dispensaries as proposed, the entire cost involved being met out of Rs. 11,000/- provided under " D. ii, Miscellaneous " in the Mysore District Board Budget for the current year.

Government are glad that the District Board, Mysore have come forward for providing at their own expense cheap medical aid to the rural parts. They trust that their example will be followed by the remaining District Boards also.

District Board Dispensaries

Sanctions the opening of four in the Mysore District.

READ—

Government Order No. G. 11573-7—Med. 49-25-86, dated the 2nd May 1927, passing orders about giving facilities to private Medical Practitioners to settle down in rural areas.

2. Correspondence ending with letter No. G. C. 411-19, dated the 9th March 1931, from the Senior Surgeon in Mysore, forwarding a report on the working of the Rural Dispensaries in the Mysore District and proposing the establishment of four District Board Dispensaries in the Mysore District.

ORDER THEREON No. G. 10624-33 MED. 317-29-6, DATED 21ST APRIL 1931.

With a view to bring medical relief within easy reach of the rural population, Government sanctioned in their order, dated the 2nd May 1927, read above, a scheme for subsidizing qualified medical men who were willing to settle down in villages. In order to enable these practitioners to start practice, the scheme provided for an allowance of Rs. 35 per mensem during the first year and Rs. 50 thereafter. They were also to be supplied with medicines of the value of Rs. 300 from the Medical Stores. They were, however, required to make their own arrangements from their earnings about replenishing their stock.

From the report received from the Senior Surgeon on the working of the scheme in the Mysore District, it is seen that out of 7 Dispensaries opened in that District as many as 6 had to be closed down. The Senior Surgeon is of opinion that the failure of the scheme is due to two causes. One is that only retired Sub-Assistant Surgeons have availed themselves of the benefits of the scheme and they are not amenable to discipline to the same extent as younger men. In the second place, the remuneration payable under the scheme is not sufficiently attractive to passed L. M. P.'s and the few that take up the post of rural practitioners resign them the moment they get a chance of employment in the regular Medical Department. It is also pointed out that in the existing conditions in the mofussil it is not easy for a Medical Practitioner to make much headway in building up a private practice.

3. In these circumstances, and in view of the undesirability of allowing the scheme initiated by the District Board, Mysore, for multiplying the facilities for rural Medical aid to languish, the Senior Surgeon has, in consultation with the President of the Mysore District Board, proposed the establishment of a new type of Dispensaries called the District Board Dispensaries. Each Dispensary will be in charge of a passed Sub-Assistant Surgeon on a pay of Rs. 40—10-1—50 lent by the Medical Department to the District Board. As soon as the Sub-Assistant Surgeon is absorbed in the Medical Department, he will be withdrawn and replaced by another passed Sub-Assistant Surgeon. The Dispensary will have a minimum establishment, *viz.*, a midwife on Rs. 20 per mensem and a peon on Rs. 10 per mensem, a separate compounder being dispensed with. It will be entirely a District Board Institution and maintained at its sole cost. The administrative control over it will, however, vest in
